The following action is in response to the amendment received November 7, 2005.

***Allowable Subject Matter***

Claims 1 and 4-6 are allowed.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to show or render obvious a seat cushion adjusting device as defined in claim 1 and particularly including the combination of a roller assembly accommodated in a clutch recess defined on the one surface of the base, the roller assembly including an annular retainer ring with a plurality of rollers received in roller-receiving cavities formed at regular intervals in the annular retainer ring, and the lever bracket having a spring hook protruding toward the base, the spring hook, along with a spring hook of the lower bracket, being caught by a return spring adapted to return the adjusting lever in an original position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Drawings***

The replacement sheet of drawing was received on November 7, 2005. The replacement sheet has been approved for entry.

***Examiner Comment***

The amended Abstract submitted November 7, 2005 overcomes the objection set forth in the previous Office action. Therefore, the objection is withdrawn.

The rejection of claims 1-6 under 35 USC 112, second paragraph, set forth in the previous Office action is obviated by the amendment of November 7, 2005.

Accordingly, the rejection is withdrawn.

The claims as amended November 7, 2005 are allowable for the reasons set forth above. Therefore, the rejections under 35 USC 102(b) and 35 USC 103(a) set forth in the previous Office action are withdrawn.
